AL - Bright, dark ruby. The nose is open and generous with some roasted oak, spices and freshly crushed berries, dense and full, there is some herbal notes that add touch of freshnes, well integrated acidity and tannin; long and lingering finish; very good potential.

MdM- Dark, purple red with violet hue and black centre. Expressive fruit, discreet spiciness and touch of minerality. Plum and dark berries. On the palate good structure; touch of sweetness and firm tannins. #8 / March 2013
